NATIONAL GOOD GOVERNANCE WEBINAR SERIES 2022-23

**PM's Award Winning Initiatives under the
theme 'Aspirational District'**

---February 24th 2023---

'ASPIRATIONAL DISTRICT - DISTRICT GOALPARA'

Government of Assam

'ASPIRATIONAL DISTRICT - DISTRICT KUPWARA'

Government of Jammu & Kashmir

---ORGANIZED BY---

National Centre for Good Governance (NCGG)
Department of Administrative Reforms & Public Grievances
Ministry of Personnel, Public Grievances & Pensions
Government of India

BACKGROUND

To realize the vision of the **Hon'ble Prime Minister of India Shri Narendra Modi** of a self-reliant India, the NCGG under the aegis of the Department of Administrative Reforms and Public Grievances, Government of India is organizing the National Good Governance webinar series for the year 2022-2023. These webinars covering Award Winning Initiatives which will help different stakeholders to broaden their skills, as well as to attain new knowledge that can supplement or complement their work areas.

The thirteen webinars would be on different themes and sectors under the good governance initiative that have been felicitated with the Prime Minister's Award for Excellence in Public Administration. Award winning nominations under the PM Awards since the inception of the scheme which have proved replicable and sustainable will present their experiences.

The purpose of conducting the webinars is to highlight the best practices and award-winning achievements to create a precedence for other states to follow. Doing so would also infuse a new spirit and enthusiasm among administrators and other stakeholders involved in the implementation of different government governance schemes.

As a part of the National Good Governance Webinar Series (NGGWS), NCGG has convened the 11th Webinar on “**Aspirational District — District Goalpara**” Govt. of Assam and “**Aspirational District Programme District Kupwara**” Govt. of Jammu & Kashmir on 24th February 2023.

THEME – “ASPIRATIONAL DISTRICT”

“ASPIRATIONAL DISTRICT” The Aspirational Districts Program was launched by the Honourable Prime Minister, Sh. Narendra Modi in January 2018, with the objective of expediting the transformation of 112 most backward districts across 28 states through the convergence of government programmes and schemes. It aims to bring about significant improvements in the districts chosen by senior officials of the Union government in consultation with state officials. To shortlist states a composite index of deprivation was constructed using a range of socioeconomic indicators. The „Transformation of Aspirational Districts“ initiative envisions New India by 2022 where the focus is to improve India's ranking under Human Development Index, raising living standards of its citizens and ensuring inclusive growth of all.

The broad strategy of the Aspirational Districts Programme includes:

- Convergence - between Central and State Schemes
- Collaboration - between Centre, State, District Administration, Development
- Partners and Citizens
- Competition - between Districts

Objectives

The Government is committed to raising the living standards of its citizens and ensuring inclusive growth for all – “Sabka Saath, Sabka Vikas, Sabka Vishwas and Sabka Prayas”. To enable optimum utilization of their potential, this program focuses closely on improving people’s ability to participate fully in the vibrant economy. Health & Nutrition, Education, Agriculture & Water Resources, Financial Inclusion & Skill Development, and Basic Infrastructure are this programme’s core areas of focus.

INITIATIVE – “ASPIRATIONAL DISTRICT -GOALPARA” GOVT. OF ASSAM

“Aspirational District — District Goalpara-Govt. of Assam”

The uniqueness of this programme lies in the fact that it is one of the very few programmes initiated by the government at district level that quantifies progress in development through real time data collection in regular periodic intervals to evaluate the status of progress. The core of the programme lies in the philosophy of “What gets measured gets managed”, and, therefore, the focus is on having set parameters to measure real-time progress on the ground. Secondly, this is one of the programmes that brings together various stakeholders right from central level to the panchayat level, with a very clearly defined comprehensive framework that has clearly demarcated the roles of each stakeholder, enabling everyone to focus their efforts towards achieving the targets of the programme. The delta ranking devised by the NITI Aayog to measure and track the progress is also one of the unique features of the ADP. The focus for rankings shifts from absolute growth in numbers to percentage change in improvement, which allows a level playing ground for relatively backward districts to compete. The programme is a unique model that showcases competitive and co-operative federalism in the best spirits.

Objective:

- strengthen of each district, identifying low-hanging fruits for immediate improvement and measuring progress by ranking districts on a monthly basis.
- The ranking is based on the incremental progress made across 49 Key Performance Indicators (KPIs) under 5 broad socio-economic themes - Health & Nutrition, Education, Agriculture & Water Resources, Financial Inclusion & Skill Development and Infrastructure.
- The delta-ranking of Aspirational Districts and the performance of all districts is available on the Champions of Change Dashboard

INITIATIVE – “ASPIRATIONAL DISTRICT PROGRAMME- DISTRICT KUPWARA” GOVT. OF JAMMU & KASHMIR

“Aspirational District Programme District Kupwara” Govt. of Jammu & Kashmir

The Aspirational District Program was launched across the Kupwara District during the first week of September 2022. Once known for heavy militant infestation, Kupwara in Jammu and Kashmir this week emerged a leader in north India in the first independent appraisal of the national aspirational district programme by the UNDP.

Among the 112 aspirational districts ranked by the UNDP on five key criteria of healthcare and nutrition, education, agriculture and water resources, basic infrastructure, skill development and financial inclusion, Kupwara is the top ranked at number 30 among eight other aspirational districts in north India.

The programmes under Aspirational District in Kupwara is an attempt to combine a host of governance innovations to improve accountability through monitoring, convergence through concerted action and ownership through public ranking. The real-time monitoring system will track and measure progress both transparently and reliably, allowing stakeholders to hold each other accountable. Bringing together government functionaries at different levels and across silos into a single streamlined team is crucial. It will smoothen the process of implementation, keep development a key priority and build ownership for the programme amongst those responsible for implementing it. Ownership and accountability are further strengthened by the public ranking system, which leverages information sharing to include local communities as stakeholders in their own development. Thus, the programme has sustainability built into its very structure, and each of its features interlaces with the others to strengthen its core pillars of convergence, collaboration and competition.

PROCEEDINGS – WEBINAR ON “ASPIRATIONAL DISTRICT”

WELCOME AND INAUGURAL ADDRESS SRI V. SRINIVAS IAS, SECRETARY, DEPARTMENT OF ADMINISTRATIVE REFORMS & PUBLIC GRIEVANCES, GOVERNMENT OF INDIA

Sri V.Srinivas (IAS) Secretary, Department of Administrative Reforms & Public Grievances, Government of India commenced the inaugural session by extending his warm and hearty welcome to the distinguished lead speakers, Directors of State ATIs, State AR Secretaries, State IT Secretaries, District Collectors, IAS Probationers from LBSNAA, Officer Trainees from State ATIs etc.

He mentioned that the Hon'ble Prime Minister of India Shri Narendra Modi on the auspicious occasion of Civil Services Day held on April 21st 2022 mandated DARPG to conduct virtual conferences with State Governments and District Collectors over the next twelve months, to disseminate award-winning initiatives which have been conferred the Prime Minister's Award for Excellence in Public Administration in the past years since its inception in 2006. Hence The Central Government through DARPG we are making lot of efforts and comprehensively revamping the whole system of public grievance disposal. Various states also taking various initiatives and some of the states have done outstanding job in this regard. Now today we have to outstanding Civil servants who had done excellent work in their own districts and this gives an opportunity for us to listen to them how they went about, what are the challenges they faced and what are the issues which other districts can basically tackle. Through this platform They can get in touch with officers directly also and they can devise how experience from these two districts and from these two officers can be replicated in other states and districts.

“Aspirational District — District Goalpara-Govt. of Assam”

Lead Speaker is, **Smt. Varnali Deka, IAS** District Collector, Kokrajhar, Govt of Assam Director, Bodoland Administrative Staff College & Secretary, Bodoland Territorial Council she is an IAS Officer of 2009 (Assam Meghalaya Cadre) Batch, Smt. Deka was previously in the IPS (2007 Batch). She has also worked in the Corporate Sector at TCS & ANZ Bank. An alumna of Delhi Public School, R.K. Puram & IIT Bombay, she holds a B. Tech in Computer Science & Engineering and MBA in System and Operations.

Initiatives in the Aspirational District — District Goalpara, Assam Goalpara (Assam), an Aspirational District, was awarded Prime Minister’s Award in 2020 for its improved performance. The District achieved substantially improved performance in each of the 49 Key Performance Indicators of the Aspirational District Programme within two years. The district administration adopted a two-pronged approach i.e.

- (a) district-wide transformation roadmap based on convergence of inputs of all departments; and
- (b) big bang interventions and innovations designed, piloted, perfected and replicated. The notable achievements are:
 - 1. Launch of Swachh Poshan Health in all 1698 schools of the district to promote social leadership skills, physical, mental and emotional health and nutrition amongst adolescents and children.
 - 2. Literacy drives to address low adult female literacy rate. The tribal block Rangjuli was taken as a pilot project. The human resources of the District Adult Education Department, the SSA, the Zila Parishad and the Block were converged. 690 literate women and youth from the community were mobilized as educators. All 23,000 households were surveyed and 6895 illiterate women were identified. Through intensive classes and home visit support, all 6895 illiterate women became literate under Mission Vidyashakti. Through Assam State Rural

NGGWS – Webinar Report

Livelihoods Mission, many of these women applied for bank loans for business.

3. Through local funding Anganwadi Centre was developed at Budhipara with comprehensive features, including child friendly facilities and furniture, baby toilet, multi-modal teaching – Building as Learning Aid (BaLA), clean drinking water, nutri garden, solar electrification, rainwater harvesting, groundwater recharge, vermin composting etc. It resulted into 64% increase in the attendance and the enrolment doubled from 15 to 28.

The district also developed a “Model AWC Lite”, low cost model with all features and facilities of BaLA, at a cost of about Rs. 40,000-50,000.

4. World Class smart classroom was developed with multi modal and interactive content under the Integrated Smart Classroom initiative which increased attendance and enrolment as well as improved learning outcomes resulting in improvement in pass percentage from 38% in 2018 to 59% in 2020. Through collective contribution and CSR funds, all infrastructural gaps in girls toilets, electrification and drinking water were plugged in.

5. The district achieved 530 kms of road length in 2 years i.e. 265 kms per year as against an average of 29 km per year from the year 2000-2018. Green technologies like Cell Filled, Interlocking Concrete Block Pavement, Panel Concrete, Geo Grid etc were used to leverage its advantages in terms of the selection of technology as per site conditions and high resilience to disaster besides lower ecological footprint.

6. District achieved 100% electrification under Saubhagya as compared to 61% in 2018 thereby enabling conducive environment for women safety, education and protection of life and property. 7. District planted nearly 15.6 lakh saplings with low cost protection measures like trenching, netting, etc. increasing the forest cover of the district from 19% to 25%.

Awards:

- Prime Minister's Awards for Excellence in Public Administration for -2020.

Best Practices:

1.Promoting local products through e-commerce portal

Goalpara district (Assam) Similar to the technological initiatives in the education and healthcare sectors, the GoalMart initiative is an e-commerce portal set up by the district administration Agriculture and Water Resources The GoalMart initiative is an e-commerce portal introduced to promote ethnic and agrarian products of the district in the national and global markets Similar to the technological initiatives in the education and healthcare sectors, the GoalMart initiative is an e-commerce portal set up by the district administration of Goalpara in Assam. The GoalMart initiative was introduced to promote rural, ethnic and agrarian products of the district and to provide a platform for farmers and retailers to venture into the national and global markets. The aim is to boost economic growth of the district. The initiative has been particularly helpful in Covid 19 times as it relieves the farmers and retailers from being dependent on a physical marketplace to sell their products and instead increase their reach throughout the country or globally. For instance, Goalpara is one of the districts producing black rice, which is profitable and in high demand for exporting in the international market. While the GoalMart initiative is gaining popularity, it is definitely a step in the right direction to improve access to agricultural markets and opportunities within the district

2.Utilization of green technologies for better connectivity – Goalpara district (Assam)

The Goalpara district of Assam has many far-flung places comprising both plains and some areas of undulating terrain along the Assam Meghalaya foothills where rural road connectivity has always been an issue for the public as well as administration. In line with this concern the green technologies initiative is a one-of-a-kind initiative by the district administration of Goalpara to improve basic infrastructure by using plastic waste and eco-friendly methods for the construction work. The initiative is both unique and environmentally friendly as it is an example of how single use plastic waste can be recycled and used for productive endeavors such as building roads. Along with using recycled plastic technology, the initiative made use of green technologies such as cell filled concrete technology, geogrid technology, interlocking concrete pavement blocks, and cold mix technology. In addition to reducing environment pollution, the initiative is also said to reduce the cost of the construction. In fact, Goalpara was the first district in India to construct a ‘green road’ and has constructed over 183 kms of roads built under environment friendly technology over the last three years thus providing 433 numbers of habitations with access to all weather roads since April 201845. The roads have been built under the scheme State-Owned Priority Development (SOPD), a part of the Pradhan Mantri Gram Sadak Yojana (PMGSY) program.

This two best practices initiative under Aspirational district program May be taken up as a major national campaign and it can Linkage with states agriculture policy which is also May be taken up as at national skill development or state rural livelihood mission by Incorporate public or private enterprises as business model and it may useful as a good Step towards fulfilment of national obligation towards united nation sustainable developmental goals and it would Be Dovetailed in Atma Nirbhar Bharat Abhiyaan.

“Aspirational District Programme -Kupwara” Govt.of &Jammu Kashmir”

Lead Speaker Dr. Doifode Sagar Dattatray, IAS Kupwara J&K India

February 2023 Kupwara (Jammu & Kashmir), an Aspirational District, was awarded Prime Minister’s Award in 2020 for its improved performance. The district administration pursued a well-crafted strategy. Some of the innovative practices adopted in view of the local conditions to improve the performance in various indicators are:

1. In the health sector, the district administration focused on most critical projects and also resorted to convergence of resources to augment health amenities. CHC Kupwara located in district headquarters was identified as the most critical institution as it was the facility serving as first referral unit for over 5 lakh people (50% population of the district). A new 100 bedded IPD Block which was pending completion for over 7 years was completed in Mission Mode through regular supervision and monitoring, increasing the capacity from 50 Beds to 150 Beds. Funds from central sector schemes, National Health Mission (NHM), UT Administration, district sector and local resources were pooled together for upgrading the machinery and equipment in various health institutions.

In CHC Kupwara, Dialysis and CT scan facilities were introduced leading to substantial reduction in medical expenses and saving of time. Instant and accurate blood testing facilities though CBC analysers are made available at more than 70 health centres in rural areas. In two years, Rs. 10.52 crore was invested in augmenting machinery and equipment in the health sector.

2. For promoting livelihoods of the citizens, thrust was laid on doubling farmer incomes and selfemployment for local women through the following initiatives:

a. Establishment of honey processing and bottling plant fetching double market prices for 500 beekeepers (@Rs.600 per Kg instead of Rs.300 per Kg for raw honey).

b. Diversification of farm incomes by introducing mushroom cultivation in 14 villages leading to additional annual turnover of Rs. 2 crore for 120 farming families including 21 women farmers.

c. Establishment of model organic villages. Hatmulla Village was certified as first Model Organic Village by Participatory Guarantee Scheme (PGS) India. Vigorous IEC campaigns were organized to convince farmers

besides extending additional support through seed distribution, vermin-compost units, bank linkage through Kisan Credit Cards and refrigerated van for marketing of produce of almost 3000 MT every season.

d. Shift to High Yielding Varieties like High Density Apple led to multiplication of yield per hectare from 10 MT to almost 50 MT with a shorter gestation period. Besides, handholding and support through subsidies for root stock, trellis and sprinkler irrigation system also led to area expansion by 25%.

e. Mobile Skill Centers for training rural girls at their door steps in handloom and handicraft skills of kani shawl, krewel, sozni, ari staple and wood carving led to increased self-employment opportunities at local level.

f. Coverage of self-help groups through coordinated mission mode approach by NRLM unit under the overall supervision of district administration by organizing 40,800 rural women in 4752 selfhelp groups. Bank loans extended for setting up and expanding units in dairy farming, poultry, bee-keeping, grocery shops, hollow tiles, brick units and other small scale units.

g. A long pending grid power project was completed which led to the connecting of border areas of Keran and Machil (situated in close vicinity of LOC) to the Northern Grid.

h. In the Tribal dominated border area of Karnah a modern reading room-cum-e-library was established enabling EWS children access to latest learning material. i. In all 173 high schools, higher secondary schools and degree colleges of Kupwara district, sanitary pad vending machines and incinerators were set up benefitting 16,000 girl students.

Best practices:

1.Irrigation –

Construction of surface run off harvesting storage tanks Kupwara, Jammu & Kashmir Sector: Agriculture & Allied Sector Year: 2017-18

Background: Kupwara district is water deficit as it does not have large scale glacial snow deposits to perennially feed hill streams/irrigation canals. The winter snow deposits do not normally last beyond June, causing a recurring annual water shortage cycle coinciding with the peak paddy irrigation demand beyond June.

Intervention: To partly overcome this problem, scores of surface run-off harvesting storage tanks have been built at strategic locations along forest fringe line in natural ravines. The storage tanks for harvesting surface run-off have been constructed along the fringes of the forest at suitable contours encompassing natural ravines, especially in perennially water deficit areas. These tanks usually harvest surface run-off from upper catchment area from January to May and utilise same beyond July as per the agricultural demand. Presently there are such 150 operational tanks in the district.

Impact: There is minimum impact on local environment. No locally existing water courses such as streams or springs are diverted, as only surface run-off is harvested. This is indirectly helping in ground water recharge, soil conservation, flood management, and development of fisheries. The operational tanks have provided access to water for agriculture in deficit areas at a low cost.

2. Project Zimedari

The Zimedari Project under the Aspirational District Program was launched across the Kupwara District during the first week of September 2022. Taking on a holistic approach to education, this project aims to tackle post-covid learning gaps in government schools and increase accountability in the education system of the district. The Covid-19 pandemic was a massive hurdle for the education system as all schools were suddenly shut down and both students and teachers had to learn to operate in the online mode. Academics suffered, but most of all, the online mode affected the socio-emotional learning of the students and their co-curricular and extra-curricular activities. The lockdown also triggered an increase in dropouts, further heightening the issue of learning loss. Now, schools are functioning in person again, but the educational ramifications of the past two years are still evident. Making the schooling system more accountable towards the students' holistic development seems like the only way to overcome the setback created by the pandemic and make our way forward. This is precisely what the Zimedari Project aims to do. The approach to the project is to develop ownership and contextualize the transformation indicators at the district level to drive mass scale

NGGWS – Webinar Report

holistic transformation under the Aspirational District Program.

The project is designed to bring reform under the following six thematic areas:

- Academics
- Basic Infrastructure
- Human Resource Development
- Co-curricular Activities
- Extra-curricular Activities
- Social and Emotional Learning

Based on these six thematic areas, 85 indicators have been identified, which shall be evaluated & monitored across all 1884 Government Schools in the district. This includes schools ranging from primary to higher secondary and affects no less than 1, 29,286 students

Objectives:

The major objectives of the project have been selected as follows:

1. To inform, aware & sensitize various stakeholder in Education Department in general & teaching community in particular about the holistic development of the education system across 85 indicators.
2. To identify the Key Focus Areas and prevalent gaps through various thematic areas including; Academics, Basic Infrastructure, Human Resource Development, Co-curricular, Extra-Curricular, Social & Emotional Learning & their performance in Government Schools.
3. To identify the learning gaps, particularly post Covid scenario for ensuring quality education.
4. To ensure Assessment, Evaluation, Ranking & Monitoring of Government Schools to promote positive competition among government schools under thematic areas across 85 indicators through Dashboard.
5. To increase capacity building of Teachers/Masters/Lecturers/HoIs of the District Kupwara.

Implementing Department and Partners:

The project shall be implemented and monitored by a special district level team composed of key members of the district's education department, in partnership with the Piramal Foundation. The first phase of the project has been designed as a three-month endeavor. The

NGGWS – Webinar Report

process is continuous and cyclical though, and further phases of the project will be developed according to the findings and learnings of this phase.

Under the programme 191000 doses of PPR were administered to sheep and goat population in the district. This vaccination programme aims at protecting the sheep and goat population from deadly viral disease called PPR. The meeting was also informed that 114280 beneficiaries of the district have been covered under PMJJY and PMSBY insurance schemes. Besides, 193000 bank accounts have been registered under PMJDY with 72 per cent Aadhaar enrolment. The meeting also reviewed ADP action plan of Agriculture, Horticulture, Fisheries, Animal and Sheep Husbandry departments. The DDC directed concerned officers to redouble their efforts and ensure completion of all on-going works within the stipulated timeframe. He directed Health department to ensure completion of the Health and Wellness centres at Vilgam, Jumgund and other far off areas. He directed Chief Horticulture Officer to incorporate technical intervention and machinery up gradation in the ADP action plan.

Vote of thanks:

Prof. Poonam Singh from the National Centre for Good Governance (NCGG) proposed Vote of Thanks at the Webinar. She threw light on how these innovative initiatives led to become an example and serve as an opportunity for the officers to connect with and serve the poor people.

Before concluding she expressed her heartfelt gratitude to the eminent speakers who presented their views on “**Aspirational District — District Goalpara**” Govt. of Assam and “**Aspirational District Programme District Kupwara**” Govt. of Jammu & Kashmir at the webinar. On behalf of NCGG, she thanked all the participants of the webinar comprising of Chief Secretaries/Administrators of All States and UTs of India, District Collectors, IT Secretaries, AR Secretaries, Heads of Administrative Training Institute of All States and UTs of India, LBSNAA, Capacity Building Commission (CBC), Sr. Administrators, Eminent Academicians, Sr. Officials from DARPG and NCGG Team.

NGGWS – Webinar Report

ANNEXURE – I – PRESENTATION – “ASPIRATIONAL DISTRICT - GOALPARA” GOVT. OF ASSAM

24th February 2023

Presentation at the 11th National Good Governance Webinar Series on PM's Award Winning Initiatives under theme Aspirational District

Poshan (Promotion of Social Leadership, Skills, Physical/Mental/Emotional Health & Nutrition of Children & Adolescents) Clubs & other Best Practices Of

ASPIRATIONAL DISTRICT GOALPARA

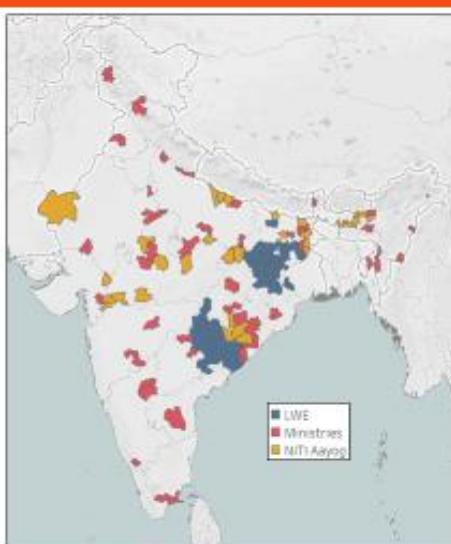

Programme was launched in January 2018

112 underdeveloped districts were identified as “Aspirational Districts”

Launched by the Hon'ble Prime Minister in January 2018

Many Districts are reaching saturation point in critical indicators – Impact of a Digital, Data Driven regime

Improved Impact of Govt spending

ADP IN PERSPECTIVE

- One of the largest governance reform programmes globally based on digital interventions: 275 mn - 17% of India's population
- ADP population = Population (France + Germany)
- In select indicators, Aspirational Districts are surpassing respective state or even national averages, reaching best in class figures
- NFHS-5 : ADP districts show significant improvement in indicators related to ANC registrations, institutional deliveries.

"ADP applies innovative techniques.... the 3C principle and a well-designed system of incentives for good performance...."

It merits replication in other parts of the developing world." - UNDP
ADP – An Appraisal

Focused at district level and instituted by states, the programme hinges on the strengths of local governments. It achieves this in big part through e-monitoring the real-time data.

- Renata Dessallien, UN Resident Coordinator in India

DEMOGRAPHY & CHALLENGES

Formidable Access: terrain, topography, braided Brahmaputra		Disaster prone – Floods, Flash Floods, Cyclones, Storms, Erosion, etc.
➤ Heterogenous population mix: 95% are tribes, minorities & backward (Rabhas, Garos, Bodos, Hajongs, Nath Yogis, Koch Rajbonshis, Adivasis/Tea Tribes, Goria Moria, Deshi, Bengali, Nepalis, Bhatia muslim minorities and Assamese)		High rainfall and longer monsoons
Volatile society; prone to conflicts along ethnic/religious/linguistic lines;		Man-animal conflicts
169 km sensitive border		High dependency on agriculture (90%), least industrialised
Insurgency prone; Preferred entry point by insurgents from Bangladesh/illegal immigrants; extortion/threat to Govt. officials		Frequent Bandh calls
		NRC exercise
		Low literacy rates; superstitious; Lack of receptivity to outsiders;
		"One size fits all" approach impossible

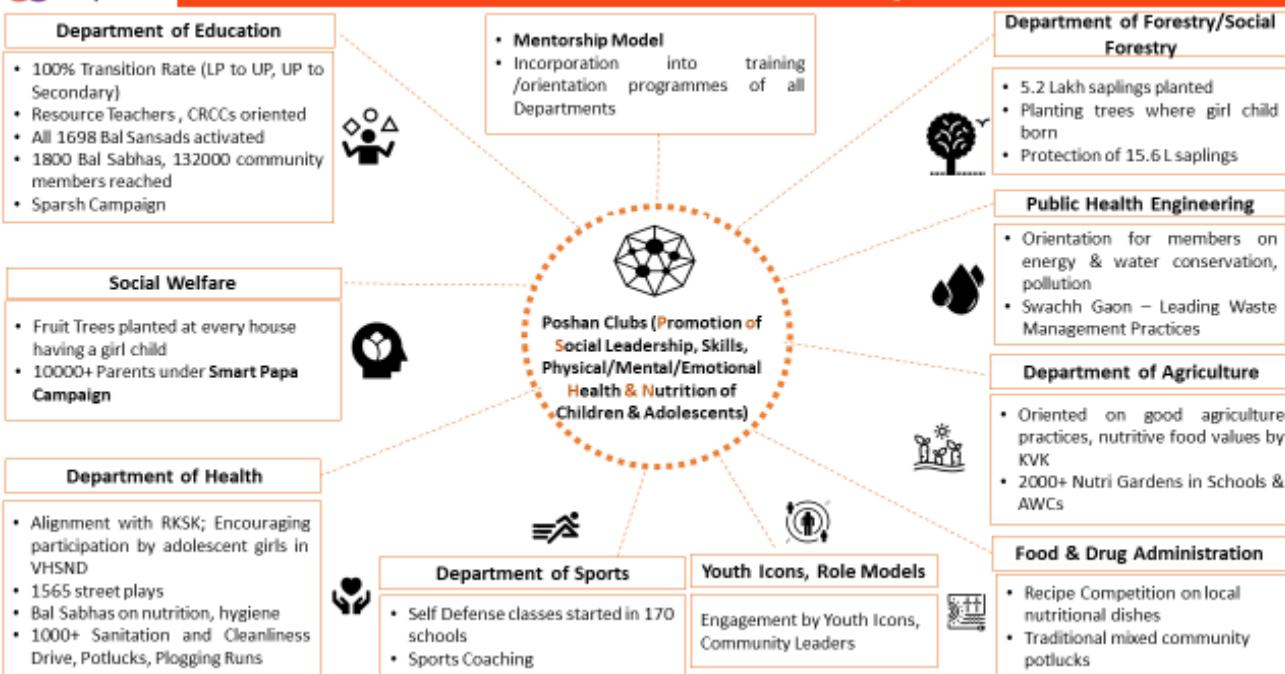

ACHIEVEMENTS & BEST PRACTICES:

HEALTH & NUTRITION, EDUCATION

Best Practice: Swachh Poshan Health Clubs (POSHAN Clubs)

Challenge	Intervention	Outcomes
<ul style="list-style-type: none"> Shortage of educators at schools, role models at home, lack of growth oriented peer activities Apathy toward community developmental targets Need to encourage children in co-curriculars for overall personality development, nurture their voices in their family and in the community. Children as key leaders & drivers for societal, attitudinal and behavioural changes. 	<p>Community outreach programmes - 100% transition rate</p> <p>Launched in all 1698 schools</p> <p>Outreach on Nutritive Diet in all villages; decrease in underweight/SAM/MAM</p>	<p>Bal Sansads, Bal Sabhas, Mothers meets, Personality development workshops</p> <p>Impacting upto 15 KPIs under ADP</p>
Achievements		
	<p>Awarded Best Innovative Practice; Best Convergence by Government of Assam</p>	<p>Appreciated by MoWCD; Selected as Best Practice under Poshan Jan Andolan, approved for replication in all districts of Assam</p>

Poshan Club: How CONVERGENCE was effected to get Desired Result

SWACHH HEALTH POSHAN CLUB CALENDAR

OCTOBER

CLUBS WILL ORGANIZE :

- PUDONG RUN FOR COMMUNITY - ENERGY DRINKS
- CLEANLINESS DRIVE
- PLASTIC FREE CAMPAIGN
- WELLNESS SESSION ON NON-COMMUNICABLE DISEASE BY ANM & BSM

NOVEMBER

REDUCE REUSE RECYCLE

ORGANIZE A DAY OF INNOVATIVE WORKSHOPS

DECEMBER

GO GREEN

ORGANIZE A DAY OF NUTRITIOUS MEAL FEST IN SCHOOL, DAY CARE CENTRE, NURSERY, PRESCHOOL, PUPIL CLASS ROOMS, CAMPUS, CAFETERIA, ETC.

JANUARY

UTSAV VIDYARAMBH

POSHAN CLUB MEMBERS WILL :

- IDENTIFY SCHOOL DISCOURSES FROM THEIR SCHOOLS
- PERFORM STREET PLATE OR ENROLMENT
- HOST A DAY OF INNOVATIVE WORKSHOPS
- ORGANIZE A DAY OF NUTRITIOUS MEAL FEST
- INTERACT WITH STUDENTS LIKE SOLVING PUZZLES, CHESS, SUDOKU, CROSSWORD AND PUZZLES DURING THE SPORTS MEET

Activity Calendar developed to sync activities with events & programmes

Operationalizing Poshan Club

*	District Management Committee for operationalization & supervision
*	Monitored by DC every fortnight with concerned Departments
*	3 Tier Reporting & Data Collection Mechanism
*	Analytics Centre at DC Office for verification
*	Data Management Repository For Data Tracking
*	<ul style="list-style-type: none"> Evaluated and incentivized Best Performance Every month: Trip to DC office, opportunity to interact with DC and senior officials on 3rd Wednesday Every Quarter: One Educational trip sponsored Annual: DC's running Cup of excellence on 15 Aug Best Performers also felicitated on local, social media

Activities During the Pandemic and Disasters

- SEE (Social Emotional Ethical) Learning
- Operationalizing small groups of students in Sotaals to ensure learning continues
- "Care Kits" to frontline COVID warriors
- Online classes on self defence

The Way Ahead

- Building progressive, strong & resilient youth leaders
- Incorporation into Programme Inputs

CLUBS ACTIVATING ACCELERATED/ COMMUNITY PEER LEARNING PROGRAMMES, LIBRARY CAMPAIGNS/BALANIZATION

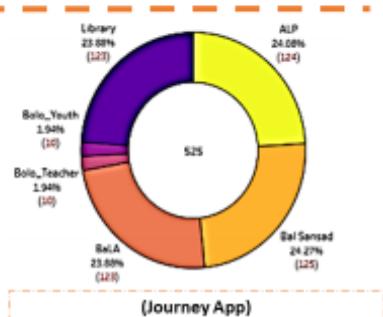

100+ Poshan Clubs mobilized volunteers in 50 Localities To improve learning outcomes of 8000 students by 15%

Challenge	Intervention	Outcome	Skills	Baseline	Endline												
Low learning Outcomes, High Dropout, Cascading aggravation	<ul style="list-style-type: none"> Mobilising Volunteers by Poshan Clubs Orientation workshops Rabha Community as Pilot 	<ul style="list-style-type: none"> Learning outcomes ↑ 15% Corps of volunteers for outreach activities 	<table border="1"> <tr> <td>Paragraph</td> <td>15%</td> <td>26%</td> </tr> <tr> <td>Story</td> <td>50.4%</td> <td>74.6%</td> </tr> <tr> <td>Division</td> <td>4.5%</td> <td>7.9%</td> </tr> <tr> <td>Subtraction</td> <td>29%</td> <td>44%</td> </tr> </table>	Paragraph	15%	26%	Story	50.4%	74.6%	Division	4.5%	7.9%	Subtraction	29%	44%	Baseline & Endline Assessment by Piramal Foundation with Assessment Tracker App

6895 Illiterate women in Rangjuli Pilot Block identified and made literate

Challenge

Low Female Literacy rate (15+)

Intervention

- Dovetailing resources – SSA, Adult Education, PRIs, ZP, PHE, ASRLMS, Health
- 690 community youth volunteers as Instructors.
- Daily small group sessions (10:1)
- Home visit support
- Minute Supervision
- All round handholding

Outcome

- 100% Beneficiaries able to read/write/sign
- Study groups continue
- Being Replicated in all blocks

Corps of 690 youth educators, used in other outreach activities

Handholding by ASRLM - Atmanirbhar Bharat

22000 Households in 9 Gram Panchayats surveyed

Health Camps, Insurance, Sanitation Support

All 6895 made literate, 4623 got Grade A

• Evaluation by Adult Education Supervisors taking the key assessment parameters of the Saakshar Bharat Mission – Center based Approach

• Beyond Vidya to Shakti – Better Livelihood options, income generation

Outcomes

Early childhood Skills Developed (National Curriculum Framework 2005)

Challenges

Irregular attendance, Lack of community interest, Underweight high

INTERVENTIONS

- AWC equipped with child friendly facilities/furniture, multi modal teaching, BALA, baby toilet, running/clean drinking water, solarization & electrification, RWH/ground water recharge, proper garbage disposal, nutri garden, vermicomposting.
- Tagged with Poshan Clubs

WAY AHEAD

- Replicated across District & State
- "Model AWC lite" – Low Cost Version

Network of Smart Classes through untied funds, CSR & Crowd funding

BEFORE

AFTER

Other Achievements

- Xth pass percentage increased from 38% in 2018 to 59% in 2020
- 100% in KPIs for construction of Girls toilets, drinking water, electrification (CSR, Crowd funding)
- PTR improved from 76% to 94%
- Alternative model of education for Zero Teacher Schools

Challenge

- Lack of Integrated STEM approach
- Lack of connectivity, infrastructure, Quality educators

Intervention

Network of Smart Classes; AI Tablets

Outcomes

- Better Learning Outcomes
- Addressing teacher shortage
- Access to a database of live researchers

in 100
Schools

- Character "Pehi" (Aunt) created as a relatable protagonist
- Content rich IEC strips

Strategy

Create interest and increase engagement toward developmental IEC messages

Vision

- Grassroots Comics methodology
- Aimed at Behaviour change
- Launched by Hon CM during Pradhan Mantri Matru Vandana Saptah
- Content in 6 languages

Outcome

- More Awareness & public participation
- Useful in tribal belts, riverine chars, tea gardens
- Better attendance in VHSND, Immunization, ANC, Institutional Deliveries
- Way Forward: Replicated for all verticals, Pehi mascots

OTHER ACHIEVEMENTS IN HEALTH AND NUTRITION

- 100% in KPIs - ANC Registration, Pregnant Women taking Supplementary Nutrition, live babies weighed at birth, newborns breastfed at birth, full immunisation, Specialist Services in District Hospital etc
- Pregnant women having severe anaemia treated, showed remarkable increase from 36% to 100%,
- First Civil Hospital in state to achieve LaQshya & NQAS; Patient load of neighbouring Districts
- TB success rate improved from 65% to 91%
- Moderate Acute Malnourishment reduced from 22% to 5.71%
- 100% VHSND/UHSND conducted (from 23%), Model VHSND sites increased
- 100% coverage under AB - PM JAY

Right: Goalpara CH first in state to achieve LaQshya & NQAS

Above: Incinerator at CH

Left: Boat Clinics for hard to reach chars

**ACHIEVEMENTS & BEST PRACTICES:
BASIC INFRASTRUCTURE**

ACHIEVEMENTS & BEST PRACTICES - BASIC INFRASTRUCTURE

- 100% electrification under SAUBHAGYA in spite of logistical constraints, short working season, long agricultural season; Shortlisted for PM Awards 2019
- Protection of life & property (standing crops/houses etc) from wild hordes/rogues; better security; greater connect
- 100% GPs with Common Service Centres
- 100% GPs with Internet Connection
- Pucca Houses constructed increased from 9% (2018) to 100%; National Award under PMAY

Clean Goalpara, Green Goalpara

- Launched by Hon'ble CM in July 2018
- 15.6 Lakh saplings planted with protection measures
- Forest cover increased from 19.90% to 25%
- Swachhata as Jan Andolan

Green Technologies In Road Construction

Challenges: Standstill in road construction from May, 2018

- Breakdown of Bridge at NH-17 in March, 2018
- Closure of quarries

Intervention: Introduction of Green Technologies in June, 2018 (Waste Plastic, ICBP, Geo-Grid, Cell Filled, Panel Concrete, Cold Mix)

Advantages: Better disaster resilience, lower ecological footprints, flexibility to site conditions, reduces waste plastic hazard, livelihood opportunities to youth

Road Length Constructed:

2000-2018 534 kms (@ 29.67 km/year)

2018-2020 530 kms through use of
Green Technologies

100% in KPIs – Construction of All-Weather Roads (49% in 2018) & Habitations covered by All Weather Roads (55% in 2018)

SOURCING INPUTS
LOCALLY - PLASTIC
SHREDDER MACHINE

Green Technologies In Road Construction

Conventional Method Bitumen Road (Above) & Adjacent Cell Filled Concrete Road (Below) – both submerged Flash Floods July, 2020

Less Damage to Cell Filled Road

ICBP Block Production Units set up by local youth; Youth employed as masons

- First in state to use Waste Plastic in PMGSY; Replicated throughout state
- Shortlisted for PM Awards 2019
- Published in Best Practices by Niti Aayog

ACHIEVEMENTS & BEST PRACTICES: FINANCIAL INCLUSION & SKILL DEVELOPMENT

Achievement & Best Practices – FI/Skill/Livelihood Generation

- E-commerce website "GOALMART" for local produce & products; Developed in-house
- Wider market reach, better pricing options, eliminates middle men, encourages innovation, overcoming constraints of access

- ✓ Rank 1 in FI & Skill (Cumulative Since Inception)
- ✓ Encouraging Participation of Women/Vulnerable sections

- Under PLASTIC FREE GOALPARA
 - Specially abled persons trained on plastic alternatives
 - Upstream/downstream handholding & marketing support
 - Producing masks, hairnets during pandemic

ACHIEVEMENTS & BEST PRACTICES: AGRICULTURE

ACHIEVEMENTS & BEST PRACTICES IN AGRICULTURE

- Promoting women farmers groups
- Use of new technologies/extension through KVK:
 - Fertigation with solar power for banana cultivation (25% increase in Productivity, 15% Cost reduction)
 - Systems of Rice Intensification (SRI)
 - Seedling Tray
 - Mechanical Pest Protection
 - Bio Fertilizers
- Increased Disaster resilience, productivity, Reduces resource use
- New agricultural crops/products, Value-added products (black rice muesli/cake, Chips) - Reduced disaster vulnerability, enhanced farmer's repertoire, better pricing options, year round cropping
- Percentage of vaccinated animals increased from 11% to 100%; AI coverage from 11% to 65%

Left: Fertigation in Banana

Below(R): New range of products (Dragon fruit Cultivation)

DATA BASED OPERATING & TECHNOLOGICAL INTERVENTIONS

DISTRICT LEVEL DATA BASED OPERATING MECHANISM

Innovative mechanism of formulating data based participatory "District Transformation Roadmap" with monthly & annual goals

Transforming Goalpara

Technological Interventions Initiated By District Administration

Infrastructure Snapshot App

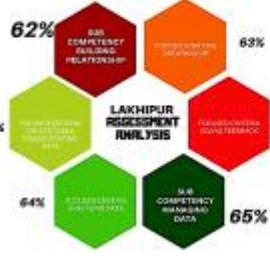

- An Android based convergence app to overcome problem of supervision, monitoring, grievance redressal due to logistical and demographical constraints.
- Serves as a cross platform for reporting of issues and monitoring tool by public, third parties.
- Swift grievance redressal brings participatory governance at the doorstep with use of ICT.
- Public feedback helps monitor government schemes and departments.
- Creation of verified database to identify & prioritise focal areas of Governance & Administration.
- Instant alert mechanism for disaster, domestic violence, moral policing etc.

Education:

Smart Classrooms, Apps: Assessment Tracker, Samiksha, Unnati, Pratham Digital (PraDig)

Pic (R) - Analysis of competencies by Samiksha App

Health: Refurbished boat ambulances, Digital Hemoglobinometers (R), Skill building of ANMs/ MPWs on use of appropriate technology, Baby weighing machines at all Health Centres/Model VHSND sites, Comcare app

Mandatory geo-tagging and Photograph for authentication

Version 1 released in December 2018
Version 2 released in Sept 2020 – already reached 3000+ downloads

Published in Best Practices (Vol 1) by Niti Aayog

Agriculture:

Fertigation Technology, Technology Systems of Rice Intensification (SRI) in summer paddy, Kshyamata portal for capacity building, Web based training with Google Meet, Cisco Webex, Zoom

Basic Infrastructure:

Green Technologies, SANJOG app; e-Suvidha App

Transforming Goalpara

Innovative Initiatives to tackle COVID 19 Pandemic

Goalpara Cares

Under SURAKSHIT DADA-DADI Initiative 15000 senior citizens reached out
Under Goalpara Cares - Retail Funding for food & sanitation kits

IEC

- Miking through PA system of Mosques
- Infographics from UNICEF

To boost morale/express appreciation for front line medical practitioners specially designed 'care kits' with goodies, personalized mug with their pic & a message from DC

Ideated by DC & developed by local NIC, COVMAS (Corona Virus Alert, Assam) - one stop integrated platform for COVID19 related info, messages, advisories, helplines, links etc.

Creation of new era supply chains addressed two pronged challenges of livelihood loss/spoilage of produce & food needs to Goalpara & neighbouring Districts

PMJJBY coverage through CSR to all frontline workers & Safai Karmacharis

Job cards under MGNREGA (application forms at Screening Centre itself) & skill training provided to returnee migrants

To recognize efforts of front line workers #CoronaWarriors #HerosOftheDay series highlighting inspiring stories of 1-2 frontline warriors daily

Innovative Initiatives during COVID 19 Pandemic, cyclones & floods

Modular videos on syllabus content – screened to students, uploaded on whatsapp & District Youtube channel

#GoalparaCares

Under Mission Tarang (Learning from Home), 1500+ teachers providing telephonic teaching, doubt clearing sessions to 10000+ students in the District

Training of teachers by UNICEF in Digital Pedagogy, Online Safety & Psycho Social Counselling

- Child friendly spaces made mandatory in Relief Camps: Stress free environment, nutritive diet and learning activities provided
- Learning for older children made mandatory
- Teachers from 162 flood area schools oriented

- Monthly Knowledge Kits by Piramal Foundation translated to local languages & delivered to children along with Midday Meal delivery system (24000+ students)
- Under #GoalparaTechCares drive, Administration reached out to citizens for donating usable smartphones, tabs, laptops etc
- Use of the hiatus created by the pandemic for training needs analyses & Continuous Professional Development of CRCCs
- To tackle stress during pandemic, cyclones, floods - teachers provide Psycho-Socio Counseling to students
- Mission Utthan for life skills & Social Emotional Skills

ACHIEVEMENTS, AWARDS AND ACKNOWLEDGEMENTS

Best innovation award from Hon'ble CM, for Poshan Club

Topped in Krishi Kalyan Abhiyan; KVK Duhnoi Best Performer

Govt. of Assam awarded District for outstanding performance in Best Practices - Convergence model

Innovations published in NITI Aayog Best Practices:

- Clean Goalpara, Green Goalpara
- Infrastructure Snapshot
- Implementation of Green Technology in road construction

Shortlisted For PM's Award For Excellence In Public Administration, 2019:

- Performance under SAUBHAGYA; Initiative also selected for Publication in "New Pathways", 2019

National Award for PMAY (G) performance

Governance Now Digital Transformation Awards in Mobile App and Digital Services Category for Infrastructure Snapshot App in 2019

Awarded Skoch Order of Merit, 2019: Saubhagya/Clean Goalpara, Green Goalpara/Infrastructure Snapshot/Immunization/Green Technologies And 2020: Mission Vidyashakti/Infrastructure Snapshot /100% Immunization/Paving the Green Way/District Response to COVID19

Under the Innovations Category for PM's Award for Excellence in Public Administration, 2019 - Implementation of Green Technologies in Road Construction in Goalpara shortlisted; Initiative also selected for publication in "New Pathways", 2019

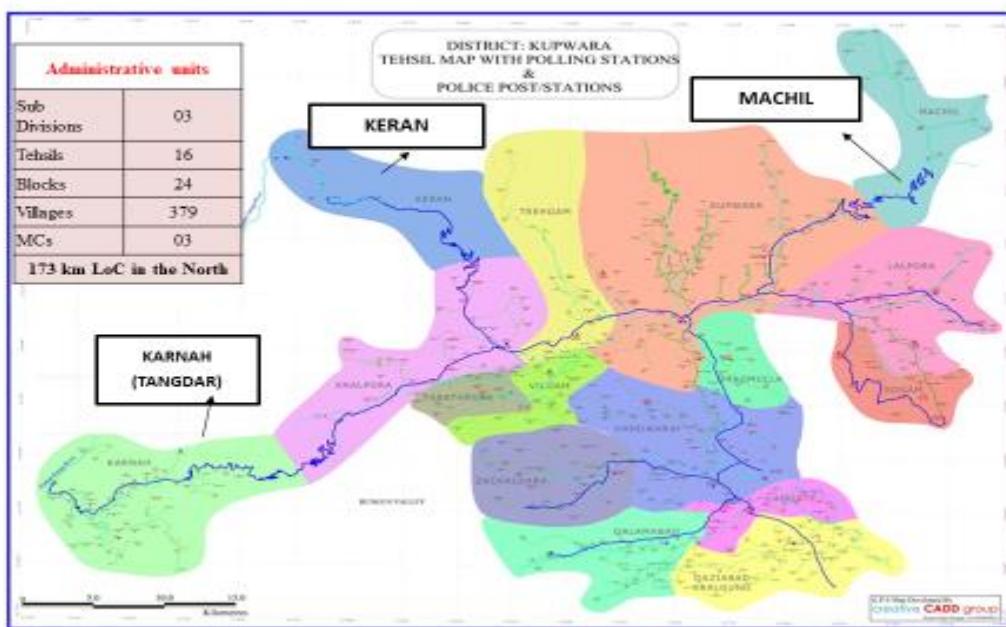

**ANNEXURE – II – PRESENTATION – “ASPIRATIONAL DISTRICT PROGRAMME- DISTRICT KUPWARA”
GOVT. OF JAMMU & KASHMIR**

Aspirational District Programme Kupwara

Dr. Doifode Sagar (IAS)
Deputy Commissioner Kupwara

Aspirational District Programme-Kupwara

- Kupwara one of the 117 Districts chosen by NITI Aayog in Jan 2018.
- **District Kupwara achieved 3rd Delta Rank under Financial Inclusion & Skill Dev. For the month of May 2022 & Awarded Rs. 3.00 Crore by NITI Aayog.**
- District Kupwara received **PM's Award of Excellence**, along with **Trophy Certificate & Prize**, conferred by Hon'ble Prime Minister of India on 21st April, 2022, under Aspirational District Programme for the achievements made during year 2020-21.
- District Kupwara was conferred with **Gold medal** by Hon'ble Union Health Minister GoI on 24th March 2022, at New Delhi, for achieving more than 60% reduction in TB notification.
- **1st Delta Rank in Financial Inclusion and Skill Development Indicator** in March 2019 & awarded **additional grant of Rs 3 Crore, Out of which Rs. 255 lakh stands utilized as on date.**
- Composite score increased from **37.8 in March 2018 to 58.60 in November 2022**
- Substantial Progress made in **35 out of 49 indicators**

Completion of SDH Kupwara

- **Completion of 100 bedded IPD block building in CHC Kupwara (catering over 5 Lakhs population)**
 - Fencing of 60 Kanal land pending for over 10 years
 - 200 bedded new IPD Block operationalised.
 - Mechanized Sanitation Services & Improved Housekeeping
 - SOPs for day to day Management.
 - Launch of CT facilities avaialbe - 50 sessions per week
 - Instant and Accurate Blood testing facilities
- 6 Dialysis Machines at 2 health centres – 86 reg. patients till date; 40 sessions per week
- 5 New Gen Sets for DH Handwara, SDH Kup. and Langate for adequate power backup.
- 198 Health & wellness centres operational in the District.

GOVT. MEDICAL COLLEGE,HANDWARA, KUPWARA,

- Const. of Medical College 100 Admission Rs. 115.00 Crores
- Const. of Hostel & Residence for Students/Faculty Rs. 80.00 Crores
- Up-Gradation of Teaching District Hospital Rs. 60.00 Crores
- Total Project Cost: Rs. 255.00 Crores
- Total Land Transfer: 251.65 Kanals.
- Tender Status: E.O.I allotted
- Drawings / Master Plan Approved , DPR in progress
- Make Shift Arrangement for New GMC Handwara, Govt. has directed to Start First Batch of MBBS during 2022-23 at District Hospital Handwara

DISTRICT HOSPITAL HANDWARA

Near Completion of Associated Hospital New GMC Handwara, at cost of Rs. 46. cr.

The District has achieved 100% performance in the following vital parameters

1. Proportion of functional FRUs (First Referral Units) against the norm of 1 per 500,000 population (1 per 300,000 in hilly areas) (50% as on 03/2018).
2. Percentage of children fully immunized (9-11 months) (BCG+ DPT3 + OPV3 + Measles1) (87% as on 03/2018).
3. Percentage of pregnant women registered for ANCs to total estimated pregnancies (92.33% as on 03-2018)
4. Percentage of newborns breastfed within one hour of birth (40.70% as on 3/2018)
5. Percentage of live babies weighted at birth (97.23% as on 03-2018)
6. Proportion of Specialist services available in District hospitals against IPHS norms (50% as on 03-2018).
7. Percentage of Anganwadis/UPHCs having conducted at least one Village Health Sanitation & Nutrition day in the last one month (60% as on 3/2018).
8. TB treatment success rate among notified TB patients (75.38 as on 03-2018).
9. Percentage of Pregnant women having severe anemia treated, against PW having anemia tested cases (87.58 as on 03-2018).
10. Percentage of deliveries attended by an SBA trained health Worker to total deliveries (4.35 as on 03-2018).

Interventions to Improve the Performance in vital Indicators

- Completion of pending Infrastructure projects such as IPD Block of SDH Kupwara and SDH Sogam.
- Commencement of PM National Dialysis Programme at Kupwara and Sogam —86 registered patients & 2358 sessions given till date.
- Launch of CT scan facilities in SDH Kupwara--- 1823 sessions till date.
- Installation of 4 Gen Sets in Hospitals of Kupwara, Handwara & Langate for round the clock power supply.
- Instant and Accurate Blood Testing facilities and Registration of Blood Banks for DH Handwara & SDH Kupwara.
- Procurement and installation of equipment worth Rs 5.00 Cr in various Health institutions through convergence of resources.
- 100% achievement in provided Drinking Water facility to Anganwadi (ICDS) Centre.

Initiatives SDH Kupawara

Addl. Rooms for 15 Sub Centres for Upgradation as Health & Wellness Centres

Health & wellness Centres in the District

Increasing Farmer Incomes

S. No	Project	Beneficiary Families	Impact	Remarks
1.	Honey Processing and Bottling Plant	530	-Branding and Marketing of Local Organic Honey -Income Augmentation to the tune of 3 times for beekeepers	Functional
2.	Processing and marketing Unit for Red Rice, Tangdar	1200	-Remunerative price for packaged rice (@Rs 200 per kg) -Doubling of area under Red Rice to 207 ha	EDC: Sep 2020
3.	Thrust to Mushroom Cultivation	113	-Additional turnover of Rs 34 lakhs. in a short span of 2 months crop -Financial support through Diversification	Underway
4.	Fish Marketing and Sale Centre	130	-Availability of hygienic fish at controlled prices for consumers -4 tones Cold Storage capacity	Functional

Horticulture:- Shift to High Value Crops

- 52 Ha covered as on date
- Yield to quadruple after 5 years.
- 36 Ha targeted in next 2 years

- 10 Ha orchard covered under Grafted Walnut
- Walnut Research Station at Kulangam in collaboration with SKUAST.

Fruit	Annual Production	Turnover
Apple	2.83 Lakh MT	Rs. 849.00 Cr.
Walnut	46000 MT	Rs.105.62 Cr

Power - Recent Initiatives

Interventions to Improve the Performance in vital Indicators

- First ever 33KV Grid connectivity for Keran Border Block in 73 years, Project to benefit over 14000 souls in 04 Panchayats close to LOC
- Grid connectivity from Khumriyal (14 kms span) augmenting power in Border area Machil, Project to benefit over 25000 souls in 9 Panchayats close to LOC.

ZIMADARI PROJECT

“An initiative by District Administration Kupwara under Aspirational District Programme (ADP) to revolutionize the Education in the district”

- In order make Education system accountable to towards holistic development of Schools, Schollies & students (3Ss), the District Administration Kupwara has initiated “ZIMADARI Project” under Aspirational District Programme (ADP) for identifying & bridging the learning & other gaps, in Govt. Schools.
- Based on six thematic areas, viz; Academics, Basic Infrastructure, Co-Curricular Activities, Extra- Curricular Activities, Social & Emotional Learning and Human Resource Development, 85 indicators have been identified, which were educated, implemented, evaluated & monitoring across all 1409 Government School for holistic development of students & teachers of the government schools.
- Besides, for ensuring real time access & monitoring the performance of Government School under the identified 85 indicators, a district level Zimadari dashboard has be formulated.
